Memory verse: Daniel 2:44

Lesson # X-02

Grades 10-12

The Church/Kingdom of God Begins

Please read: Acts 2

1. Why were there so many people from so many countries in Jerusalem to witness this event?
2. Barclay, a well-known and respected commentator, considers the Acts 2 account of speaking in tongues to actually be when "...someone in an ecstasy, began to pour out a flood of unintelligible sounds in no known language. That was supposed to be directly inspired by the Spirit of God and was a gift greatly coveted." He also says it was a "phenomenon which has never completely passed away." What do you think that speaking in tongues means? Why don't we preach in tongues sometimes as the early church did? Support your answer with scripture.
3. In Acts 2:12 the people gathered were amazed and wondered, "What does this mean?" What was the apostles' response?
4. If we don't speak in tongues, can we still be added to the same church that was started on the day of Pentecost nearly 2000 years ago? How?
